Dear Mr. Palma:

Congratulations! Your application for DBE certification has been approved. Your firm can now be considered toward statewide DBE goal credit when performing a commercially useful function on federally funded contracts and will be listed in the Texas Unified Certification Program directory with the following work category(ies).

TxDOT 12: Professional Services - includes consulting engineers, architects, and surveyors

541330: Civil engineering services

541330: Construction engineering services

541620: Environmental consulting services

541990: All Other Professional, Scientific, and Technical Services

541370: Land surveying services

541380: Geotechnical testing laboratories or services

To ensure that your certification remains valid, please visit the Diversity Management System (DMS) at <https://txdot.txdotcms.com/> to periodically review your account information and complete the Annual Update Affidavit. Failure to maintain accurate records related to ownership, management control, and contact information could result in decertification. If you experience technical difficulties with DMS please click on the “Contact Us and Support” link on the DMS homepage.

Sole Proprietors must have an updated Assumed Name Certificate with the County Clerk’s Office and all other firms must be registered with the Secretary of State in order to do business with TxDOT. All firms identified as the apparent low bidder on construction and maintenance projects must have an E-Verify Memorandum of Understanding (MOU) for Employers executed through the Department of Homeland Security’s (DHS) E-Verify system.

Please ensure that you have submitted the client copy of your federal tax returns including all schedules and forms.
